

Mohammed Zeina

Motivated and ambitious Web Developer based in Coventry, UK, with experience building modern, responsive web applications. Experienced in turning ideas into functional projects, focusing on clean, maintainable code and user-friendly interface.

EXPERIENCE

Web Developer Trainee - IT Career Switch

2023 - PRESENT

Built full-stack projects, including:

- Gazetteer Project: Interactive map allowing users to explore countries, fetch data via APIs, and display weather, population, and other information.
- Company Directory: Web application for managing employees, departments, and locations, with search and add/edit/delete functionality.

Integrated APIs using PHP and JavaScript (OpenWeather, Rest Countries, OpenCage).

Collaborated in a project-based learning environment, handling both frontend and backend responsibilities.

Technical Skills:

- Languages & Frameworks: HTML, CSS, JavaScript, React, Node.js, PHP, Python
- Databases: PostgreSQL, MySQL
- Tools & Libraries: Bootstrap, Leaflet.js, Git/GitHub, cURL

EDUCATION

Web Development Traineeship - IT Career Switch

2023 - 2025

Completed multiple full-stack projects with a focus on real-world web applications.

Gained experience with JavaScript, PHP, React, Node.js, PostgreSQL, and API integrations.

Developed skills in responsive design, debugging, and project deployment.
